OBJECTIVE

To grow and become knowledgeable in an architectural design/engineering environment where I am able to continue pursuing the LEED Green Associate credential.

EXPERIENCE

TOWER ENGINEERING PROFESSIONALS, DESIGNER Raleigh, NC (August 2014 - Present)

- Draft and compile structural design drawings of cellular towers for various telecommunication vendors.
- Assume quality control through checking fellow co-workers' drawings against the engineer's design.
- Advise and mentor new designers through training materials.
- Consolidate a library of past projects as examples or references for future use.
- Teach CAD standards and the drafting process to engineers with little to no experience.
- Assist additional departments with drafting design documents when needed.
- Perform preliminary design analyses based on failing structural analyses.

DESIGN LIBRARY, NCSU, DIGITIZATION ASSISTANT Raleigh, NC (March 2012 - May 2014)

- Scanned 35mm slides from printed to digital format.
- Utilized Photoshop to correct and enhance digital copywork.

SPECIAL COLLECTIONS, NCSU, LIBRARY SUPPORT Raleigh, NC (July 2010 - August 2011)

- Collected information from architectural prints under research grant, *Changing the Landscape*.
- Documented and recorded information onto spreadsheets for archival purposes.

TRIANGLE RESIDENTIAL DESIGN, VOLUNTEER Cary, NC (July 2009 - August 2009)

- Preserved architectural drawings from printed to digital format.
- Provided maintenance and organization of database of architectural records.
